

CHEVROLET MOTOR DIVISION

GENERAL MOTORS CORPORATION

May 9, 1974

BULLETIN ZO NO. 74-127
CD-43

TO ALL DEALERS:

SUBJECT: COSWORTH VEGA

Chevrolet Central Office advises they have notified the Environmental Protection Agency that 50,000 mile emission durability schedules being run at the General Motors Proving Grounds to certify a limited production performance engine for the 1974 Cosworth Vega have been discontinued. No new date has been set for the Cosworth Vega introduction.

Dealers may consider the Cosworth orders currently on hand with Chevrolet as "cancelled", although the paper orders themselves will be retained for file purposes.

The Cosworth Vega is being postponed indefinitely and as further information is available, we will advise you.

Very truly yours,

R. H. Schmittiel, Jr.
Zone Manager
