SEPTEMBER 1991

1991 CVOA NATIONAL ROUND-UP ATLANTA, GEORGIA

Sixty hearty souls attended this year's national roundup in Atlanta, Georgia. With Fred Kieffer as Roundup Chairman, the weather cleared for the three day event for the first time in many weeks. Rain was a constant companion in the southeast until the Roundup weekend.

Attendees started to appear starting on Thursday. Friday started with a heavy rainshower in the morning but by the afternoon, the skies cleared and the heat and humidity made their presence known for the rest of the weekend.

All told, there were 10 1975 versions of the Cosworth Vega edition and 10 of the '76. The breakdown of the '76s were: (1) black, (1) mahogany, (2) dark blue, (2) firethorn, and (3) white. Seven of the cars were towed to the Roundup by the various means available. One car was flat towed, one dollied, and the other five were trailered.

Available attendees were "rounded up" for dinner Friday night. The group took up a large portion of the Holiday Inn restaurant. Many old friendships were renewed and new friends were made.

People readied themselves for the road rally event Saturday morning. Members met in the registration room to have continental breakfast and to chat about the upcoming events. At 8:30 in the morning, the first of the rallyist began the route. The "short" portion of the rally

covered over 100 miles of the surrounding Atlanta countryside and into the historic Roswell area. Lunch was at the old Smith House where a "pass around" banquet was held.

After lunch, people traveled back to the hotel to ready themselves for the concours event. It was held in conjunction with the "American Fare" car show sponsored by the Stone Mountain Street Machine Association. The Cosworths were given a special area next to the street machines. Many passer-bys were intrigue with the Cosworths and asked many questions which were answered by our members. Judging was done two ways this year.

The members were allowed to vote on the "best" classes while the our judges looked over the Cosworths for the over-all awards. Some of the highlights were Dan File's Cosworth with power brakes, cruise and reupholstered seats in black and gold with "Cosworth Vega" embroidered on the gold seat area inlays, Bob Chin's much talked about but never seen before Cosworth finally made it's first show appearance, Lou Marr's Imron painted Cosworth once again showed how great black paint can look when it is expertly applied.

TWIN CAM TALK

by *Bob Chin*

BETTER LATE THAN NEVER

With the 1991 Roundup occurring in June this year, the national newsletter was put on hold. Thus we have a September issue rather than the customary July issue. Never-the-less, we plan to catch up to our normal printing schedule by year's end.

THANKS TO DICK BAUMHAUER

Dick with be leaving his position as Merchandise Promotion Director as previously mentioned. Dick's work load has increased to a point that he felt it was time to pass the merchandise position to someone else. Dick has helped to supply us with many of the recent merchandise products. Reproduction stripe kits, dash plaques, hatch huts are just some of the items that Dick was involved in. Dick will remain in the club and we expect to see his Cosworth Vega powered IMSA bodied Monza in future CVOA events. THANKS FOR EVERYTHING DICK!

WELCOME ABOARD MIKE RUPERT

Taking over for Richard Baumhauer is Mike Rupert. Mike resides in Pittsburgh, PA. The Merchandise responsibility will be Mike's for the upcoming year.

EXPOSURE, EXPOSURE

One way to increase the value of our cars is to take them to car shows. Let the crowd see a Cosworth Twin Cam Vega. You'll find out that many people have never seen them before but have only heard of them. EXPOSURE to the

masses will help our cause. The only problem is that many of our members use them as daily drivers or did at one time. Therefore many of the remaining Cosworth Vegas are not very presentable at shows. A effort should be made to get the remaining presentable cars to car shows.

With the help of Fred Kieffer, a professional photographer was at hand for the Atlanta Roundup. Mike Slade of Visual Media Productions was present to cover our event. Mike contributes articles to ALL CHEVY MAGAZINE and others in the automotive field. Mike covered the Saturday car show/concours event and the autocross on Sunday. As luck would have it, Mike asked me if I would be willing to let him "shoot" the blue Cos sometime Sunday during the autocross event. Of course I said yes! Mike shot several rolls of film on #2987 and hopefully it will appear in a magazine issue in the near future. Mike will give me a call when he knows when, what magazine and what issue it will be in.

Talking about showing your Cosworth, Scott Baumgartner and I showed his mahogany Cosworth and my blue Cosworth at the Indy SUPER CHEVY SUNDAY SHOW. We were in the Open class with Luminas, Berettas, Chevettes, and other non classified cars. And the winners, well for some reason it wasn't a Cosworth Vega but a near new Lumina Z34!! As a matter of fact, neither Cosworth placed in a trophy winning position. Talk about surprised! I guess next time I go to SUPER CHEVY I should plan to buy a clean new Chevy to take to the show.

1991 ROUND-UP ATLANTA, GEORGIA

Continued from Page 1

During that evening, most of the members gathered at a nearby bar and grill. They took over the patio area by putting all the tables together so everyone could sit together. The waiter had one heck of a time dealing with the group as everyone was in a great mood. Food and drink were had by all and it was close to midnight before everyone left.

Sunday morning came too soon as the Autocross event was to be held at the GM Doraville Assembly plant just a few miles away. The Atlanta Region SCCA sponsored the event and the course was laid out over one of the large parking lots at the assembly plant. Everything was well organized and there was plenty of time left for extra timed runs. A group picture was taken in front of the assembly plant with all that were there.

At the banquet, Dick Anderson of Carrera Shocks told of his many experiences at the reinstated La Carrera race through Mexico. Dick entertained the audience as he reminisced about the race. The presentation of the awards were next. Award plaques were given to the winners of each event in the various forms of competition and before we knew it, the 1991 Roundup was over. Many people said their last farewells while others planned for the traditional Monday morning breakfast.

The 1992 Round-Up will be in San Diego thanks to Byron Burnham. Expect more information in future issues.
